

## Blue Devils Meet Tough Opposition In Fort Pierce 11

The Pahokee Blue Devils have a tough job on their hands as they face the powerful Fort Pierce Eagles on Lair Field tonight with the first place position in the Indian River Conference at stake. Sparked by Scharfswerd and King, two fast, deceptive backs, the Eagles have rolled back all opposition this season and lead the Indian River Conference with four games won, none lost.

The Blue Devils also have a perfect record of wins this season to date but only two of their four games were in IRC and they have yet to be tested in a hard game such as the seasoned Eagles played when they beat Belle Glade, 6 to 0, two weeks ago.

In IRC games against the same opposition Fort Pierce defeated Okeechobee, 66 to 0, while Pahokee's winning score against Okeechobee was 32 to 0. Against Cocoa Fort Pierce won, 27 to 7 and Pahokee won, 21 to 6. Frank Osteen, former Pahokee coach now assistant coach at Fort Pierce, is of the opinion, after watching both teams in action, that the Eagles outclass the Blue Devils both in offensive and defensive plays. Disinterested doers also favor the Eagles to win by a three or four touchdown margin, however, the Blue Devils will be out to avenge the 25 to 6 defeat handed them by the Eagles last year and unquestionably they are going to put up a scrap that will make this game one of the most exciting contests played on the home field this year.

While pointing for the Fort Pierce game the Blue Devils received a blow this week in practice when Frank Tillis, their hard charging 200-lb. right tackle, dropped out with the flu. To bolster the line during Tillis's absence Coaches Alley and Brown have shifted Kyle Hatfield, 165-lb. regular center, to right tackle and placed James Latham, 189-lb. substitute, in center position. The team appeared to be in fairly good condition this week as it worked hard at smoothing out kinks in both offensive and defensive plays.

Tonight's game has aroused the interest of every fan in the Glades area. If the weather is good a big crowd is expected so if you want a seat you had better get there early. Kickoff is at 8:15.

## Spessard Holland, Fla.'s Most Popular Ex-Governor, Will Be A Candidate For United States Senate in Spring Primary

Spessard Holland, Florida's most popular ex-governor, will be a candidate for the United States Senate next Spring. His announcement came after Senator Charles O. Andrews of Orlando announced on Monday of this week that he would not seek another term. Close friends of Holland have known for many months that he was toying with the idea of running for the senate. Being a close friend of Senator Andrews the gentleman from Bartow hesitated to announce as long as Mr. Andrews was in the running.

With Mr. Andrews' announcement that he won't be a candidate, the race becomes a free-for-all.

Some believe that Lieut.-Commander Francis Whitehair of Deland will enter the race. Others think that former congressman, Lex Green of Starke, will toss his big black hat into the fracas. While still others are of the opinion that Tampa's fiery Tom Watson (now attorney general) will be an entrant in the race for Andrews' senatorial toga.

Senator Andrews' announcement of Washington was as follows: "I will not be a candidate for reelection to the United States Senate in the Florida primary next May. I plan to return to the practice of law in Orlando, Florida, at the end of my present term."

He was proprietor of a grocery store on Belle Glade Road about two miles south of Pahokee.

Survivors include his wife, Sarah; two sons, Altman E. Morgan, Pahokee, and Pete Morgan, Homestead; four daughters, Mrs. Scott Smith and Mrs. Charles Martin, Homestead, and Mrs. J. A. Inlaw, Pahokee; and Mrs. J. A. Hewitt, Goulds; three brothers, Baxter Morgan, Eustis, J. M. Morgan, Pahokee, and A. E. Morgan, Perry; a sister, Mrs. Marguerite Sapp and several grandchildren. ## Halloween Fete Is Well Attended By Largest Crowd Yet

Luckily there isn't a roof over Lair Field for it certainly would have been raised Wednesday night as 800 happy, rollicking children from Pahokee and Canal Point gathered there under the floodlights to celebrate the Eve of All Saints, more popularly known as Halloween.

The carnival, sponsored by Pahokee and Canal Point PTA, assisted by civic organizations, was, as it has been in the past, an unqualified success, with parents who crowded the stands to see the parade, getting almost as much pleasure out of it as the children.

The costume parade, feature attraction, was replete with beauty, color, novelty and spookiness. So many costumes were topnotch in their class that no one envied the job of the judges who were Mrs. W. B. Elam, Mrs. Henry Brooker, Mrs. F. M. Shaugnessy, O. R. Bleach and Mayor O. B. McClure. After comparing notes they made the following awards:

Preschool age — Canal Point, Lawrence Coleman, most typical; Alice May Treet, most original; Barbara Dale Holden, most beautiful and Paul Dart, most comical. Pahokee, Brenda Carter, most typical; Kathleen Wilson, most beautiful; Carl Watson, most original and Roger Watson, most comical. Kindergarten prize winners were Wayne Unwin, most typical; Guida Lanier, most beautiful; George Ferguson, most original and Mildred Harris, most comical.

Cash prizes of \$2 each, were awarded to children in the elementary schools divided in four groups, first and second, third and fourth, five and sixth and seventh and eighth grades. Winners were as follows: Most typical of Halloween, David Cunningham, Donald Pickett, Mary Eleanor Jernigan and Richard Ogile; most comical, Eugene Pierce, Roy Spooner, Linda Cowart and Earl Chance; most original, Annette and Kenneth McIntosh, Tommy Chaslin, Billy Culberson and Von El Davis; most beautiful, Judy Cowart, Carol Hickerson, Shirley Watson and Patsy Maxson.

Following the parade each class was entertained at parties, with teachers and room mothers acting as hostesses. Games and contests were played and refreshments of ice cream and cake served. A dance was held in the gym for high school students with Morris Weiss and his orchestra from Miami furnishing the music.

Mrs. Pat Schoeppe was general chairman of the carnival. Mrs. E. L. Pope, chairman of the refreshments committee, was assisted by Mrs. Lewis Friend, Mrs. H. T. Williams, Mrs. Thomas Elliott, Mrs. Louis Vertommen, Mrs. Elmer Jones, Mrs. Roy Segree, Mrs. Mike Hoperich, Mrs. G. K. Kincaid, Mrs. Pearl Raulerson and Mrs. Becky Starling. Mrs. Luke Frazer and Mrs. J. V. Thomas were on the awards committee.

### A Statesman Available

Florida has a splendid opportunity to secure the services of a statesman who will efficiently and conscientiously represent this great state in the senate of the United States. Spessard L. Holland, of Bartow, Florida's most popular ex-governor stands ready to serve the people of this state in the greatest deliberative body in the world. Florida can have this statesman for the asking.

Leaving Tallahassee after the most outstanding administration by any governor in many years, Polk county's illustrious son has more friends today and is more popular than any other man who ever left the gubernatorial chair in the capital. Folks who fought and worked against his election were converted to become supporters of his administration as governor. Not once during the four years did he "let the people down."

Spessard Holland, for many years an outstanding civic worker in Imperial Polk, was rewarded many times at the polls by his fellow citizens and neighbors. Following his service in the state senate for two four-year terms, his neighbors and friends urged him to offer for the highest office in the state. Waging an aggressive and high type campaign the State Senator from Bartow carried his appeal directly to the voters of Florida — they heard him — and elected him as a result.

His term in Tallahassee speaks for itself. It will stand out in the state's history as one of the most progressive ever recorded.

We predict that next spring when Holland takes his microphone in hand, appears before voters in every town and hamlet of Florida, that they will give him a favorable hearing and when the votes are counted the Gentleman from Polk will be Florida's junior senator.

In saving wear and avoiding breakdown the U. S. Army uses Sinclair lubricants in many "Jeeps", tanks and other vehicles. Your Sinclair Dealer has the same quality lubricants to reduce wear in your car.

To save engine wear he has Sinclair Opaline Motor Oil. Opaline stands up better and lasts longer because it is not only de-waxed but also de-jellied. Play safe, have your Sinclair Dealer drain and refill your crankcase with Opaline every 1,000 miles.

## 1946 Chevrolet Will Be Displayed Pahokee Sat. A. M.

The new 1946 Chevrolet will be on display in Pahokee at the Christian Chevrolet company salesroom tomorrow (Saturday) morning, according to an announcement by O. O. Gilbert, manager of the concern.

Special arrangements have been made to accommodate the large crowds that are expected to turn out to inspect the new offerings of Chevrolet, which in pre-war years held the sales leadership of the automobile industry.

Although details of the new Chevrolets cannot be revealed before announcement day, they will embody the traditional Chevrolet mechanical features that distinguished them from other cars of their price-class, such as the six-cylinder valve-in-head engine, vacuum-power gearshift, and diaphragm-spring clutch.

Mr. Gilbert said he and other dealers in the area were confident that the 1946 Chevrolet will maintain the record of top volume sales, which Chevrolet reached in 10 of the last 11 prewar years of automobile production, to meet the unprecedented pent-up demand for new cars.

Following the same policy as in former years, the new Chevrolet will be displayed simultaneously in dealers' showrooms throughout the country, Mr. Gilbert said.

Mr. Gilbert stressed car care, with the warning that motorists should not expect the 1946 Chevrolet to be available in great quantities immediately. The supply to dealers will increase as production in the Chevrolet plants permits.

## HOME From The WAR

Mister Mack D. Parker is visiting his brother Joe Parker in Canal Point. Mister Parker reverted to a civilian status on Oct. 13 (not Friday Mack said) at Jefferson Barracks, Missouri, after assisting his Uncle Sam for a period of four years. Three years of the time was spent in Australia, New Guinea and Luzon in the Philippines. He participated in enough campaigns to wear the following ribbons: Asiatic-Pacific, Philippines Liberation, American Defense and Good Conduct. In fact he received the Good Conduct cluster and Mack refers to it as his super-duper decoration. Mack's brother was flabbergasted the first night when Mack joined in the family conversation just like a fellow who had been in the Lake Region during the past four years. He knew about the births, deaths, divorces, new businesses, activities of the churches and schools and Brother Joe popped this question: "Mack, how in the world do you know about all these things and you've been half a world away for four years?" Then came the answer that is entitled to front page headlines. Mack smilingly answered: "I am and have been a regular reader of Paul Rardin's Everglades News. It arrived like clockwork wherever I went. I always took plenty of time to read it. Never hurried. Therefore, I always knew what was going on in the Lake Okeechobee Region."

Now, to hear remarks like that from a fellow like Mack almost overwhelms our modesty. But, we'll just let you form your own conclusion as to what we think.

Sgt. Oscar Chastain and Mrs. Chastain along with their daughter, Suzanne, arrived in Canal Point last week from Walla Walla, Washington, where they have lived while he was a flexible gunnery instructor. Mr. and Mrs. Larrimore are now visiting his parents, Judge and Mrs. W. J. Larrimore, in Pahokee.

Sgt. Woodrow P. Lovell, who has been overseas for 30 months, is now home with an honorable discharge. He and his family now live with his parents, Mr. and Mrs. A. M. Andrew in Canal Point.

Kenneth "Red" Cauthen has returned to Pahokee and his job of running the radio department at Boe's after serving four years in Uncle Sam's Navy. "Red" was on the U. S. S. Saratoga and saw a great deal of action in the Pacific. This reporter asked "Red" about some of the places "Red"

had visited and Boe said just to say that he'd "been everywhere." The many friends of the radio department at Boe's will be happy to know that the young man is back on the job and ready to give them that same excellent service that he rendered before a war interrupted him.

## Pahokee Baptist Church Finishes Its Greatest Year

The associational letter for the year 1944-45 was read and approved last Wednesday night by the Pahokee First Baptist Church in conference. Rev. C. A. Moberg, Moderator, and was forwarded to the association clerk, Rev. H. C. Meador, pastor of the First Baptist Church of Clewiston for publication at the annual meeting conducted at the First Baptist Church of South Bay, Thursday this week. Rev. Moberg was chosen to preach the associational sermon this year.

The following were elected messengers to the meeting: Mesdames O. O. Gilbert, C. A. Moberg, W. Tills, L. G. Alderman and Dave Young. Alternates: Mesdames W. H. Key, W. A. Stevens, H. Barnes, W. V. Unwin and R. Grimes.

The report shows the year just closed, Sept. 30, the greatest in the history of the church. Eighty

were added to the church, 48 on profession of faith, 26 by letter and 6 by statement, bringing the total membership to 470. The Sunday School enjoys an enrollment of 413, the average attendance last church year 202, an accomplishment hitherto unknown. The Vacation Bible School numbered 230. The Training Union enrollment soared to a new high of 147. The W. M. U. enjoyed a record enrollment of 98 in all of its organizations. Mrs. J. C. Mock is the president. Messrs. O. O. Gilbert and W. V. Unwin are the superintendent and director of the Sunday School and Training Union. Missions and Benevolences contributions amounted to \$2,657.96, highest yet. The new building fund amounts to \$11,347.17 (bonds). The Witness, Baptist State paper, is received by all resident families. The grand total of all contributions for all purposes through the Bible practice of 'tithes and offerings' came to \$25,443.51.

Despite the limited building facilities, all departments have set goals for an even greater year, and through the medium of vision, prayer, faith, works and praise,

all are enthusiastic over the prospect of accomplishing the 'almost unbelievable'. The pastor bows with thanks all members and friends, for the part played in the above.

## 6th Graders Of Canal Point Beat Pahokee

Canal Point and Pahokee grade boys up to the sixth grade furnished an interesting foot ball game last Friday afternoon on the Canal Point field. The final score was 25 to 0 in favor of the Canal Point Imps. There was never any doubt as to who the winners would be from the start of the game until the final whistle blew. The Imps took the lead and held it, increased it regularly, and wound up on the big end of the score. A return game is being planned.

The Seniors, with their guests and sponsor, Miss Solick, went to the football game in Belle Glade Friday night. After the game, Coach Brown joined the group for a wiener roast. More traveling, and definitely not a "Sentimental Journey"! The destination was just a suitable spot to build a bonfire, but nobody except Driver Ray Hawk knows exactly where we stopped. Ask Kyle Hatfield or Wilton Giddens about the food. After carefully putting out our fire, we started home. Home and bed—even seniors welcomed the combination after Friday's addition to the social affairs of the week.

Early Saturday morning the Juniors, their guests and sponsor—Mrs. Mock, went to the beach at Lake Worth. After lunch, the group went to West Palm Beach to the theatre before returning to Pahokee.

## Talks To Wife And Children In Holland

William Van Zonneveld, the lily bulb grower in Friesland, came from Holland six years ago and up until Monday of this week he hadn't heard the voice of his 11 children or his wife since. Monday, after several days' efforts, he talked to his wife and several of the children by transatlantic telephone. They live in Sassenheim, Holland, only 15 miles from The Hague. The conversation lasted for thirty minutes and the cost of the call ran into a pretty penny. But, he said it was worth every dime of it. He was told by his wife that they had received the clothes he had sent and that they came in handy. Money that he sends them regularly isn't much good since there are no things to be bought—the Germans having stripped the country.

## The South Can Produce

INFORMATIVE and more than a little heartening are the figures disclosed by T. M. Healy on the wartime carloadings of freight in the Southeast. Mr. Healy, district manager of the car service division of the Association of American Railroads, told the Southeast Shippers' Advisory Board here that "During the past few years industry and transportation in the Southeast, through co-operative energy, have successfully penetrated an entirely new era and fulfilled all assignments."

The figures cited by Mr. Healy speak themselves the achievement of the region, but they do more than that. They point to an industrial direction which the Southeast may find it economically feasible to continue along.

For example, the loading of canned goods in the Southeast in 1939 was only 8,386 cars. But the needs of fighting forces and others forced the region to demonstrate that it could increase production of canned goods sharply. By 1944, expansion of that industry in the Southeast brought the total loadings to 23,303 cars, and last year they rose to 44,295. Canning could prove a highly profitable field for Georgia if farmers would attempt to grow products properly for that purpose.

The pulp and paper industry has made strides in seven-league boots in recent years. There is no reason why it should not continue to do so.

Loadings of pulp, paper and products averaged 93,831 cars a year in the Southeast during the four war years; in 1939, the loadings totaled only 77,390.

Carloadings of grain and grain products in the region rose from 56,029 cars in 1939 to 81,184 in 1944.

The Southeast has evidenced eloquently its ability to produce. . . .

And lest it be overlooked, let us also give due credit to the railroads of the region for an outstanding wartime performance in the face of many handicaps. The railroads, too, have learned that they can turn out better than a fair to middling job.

Editorial from THE ATLANTA JOURNAL

If you are interested in industrial plant sites or distribution facilities in the Southeast, we shall be glad to recommend suitable locations. Our research staff is also available for comprehensive studies with respect to industrial possibilities in our territory. Your inquiries will receive prompt and confidential attention. Address J. M.
